Summer 2019

## Ceann Sibeal GC, Co. Kerry

We are delighted to announce that KKGd has been retained by Ceann Sibeal GC as their architect.

This spectacular links in South Kerry is stunningly beautiful and we look forward to working with the club over the coming years.

Our KKGd Twitter account made it into the “**Top 50 “most liked” golf course architecture accounts**” for 2018. We are delighted with the ranking and hope to improve for 2019 so let’s get talking!

Big Randy, Neil, Tron and KK

It was a great honour, and some craic, to meet with the **No Laying Up** guys at Doonbeg recently. We had a glorious golfing day with sunshine and a strong breeze allowing the links to show its teeth. NLU is a must follow for anyone with an interest in golf and the future of the game. These guys have an acute awareness how golf architecture affects the game. Big thanks to Tom Kennedy at **Experience Ireland Golf and Travel**.

Summer 2019

## Awesome Ardglass Phase IV

We have been busy putting the details together for Phase IV of our plans at Ardglass G.C., one of the most spectacular sites for golf anywhere in the world. Slowly but surely we are realising our vision of converting the golf course to play as a traditional links experience. We look forward to continuing our work at one of the best clubs in Ireland.

Congrats to Ardglass GC member Rich Beem on making the cut at the US Open !

## Major Developments for Dundrum House GC

KKGD has been recently engaged to carry out a total remodel at Dundrum House Golf and Resort. We have been busy with the design for Phase I. A three phase project, we are excited at the opportunities ahead.

Laid on beautiful rolling terrain, the challenge is to reposition the course to the upper echelons of parkland golf in Ireland. We will achieve this hopefully, but with a little twist !

## Ardee Golf Club Phase II

Phase II of the remodel plans are complete at Ardee GC. This past winter saw the remodel of the 2nd and 8th green complexes.

The 2nd hole is now a stunning Par 3. The tree clearance to the right has transformed the hole.

For the remodel of the 8th green complex, I took some inspiration from the 'Redan' hole at North Berwick. I love the strategy of the green complex. We dialled it back some from the original and I cannot wait to play it.

Phase III is scheduled for Autumn 2019.
